2. I/We have read (or, if a corporate applicant, some-one acting on our behalf has read) and have understood the PDS and the SPDSs to which the application pertains.
3. I/We accept that any investment in any Class of the Fund has investment risk and other risks and that the PDS and each relevant SPDS may give a description of those risks but they do not claim to describe every risk or every feature of every risk. I/We understand that the value of interests in the Fund may rise and fall, from time to time.
4. I/We understand and accept that the investment performance and return of capital of investments in the Fund is not assured by any person.
5. 6. I/We understand and accept the risks of the Fund having separate classes including that the after tax performance of an investment in any Class might be affected by the investments held for one or more other Classes, even if I/we do not invest in those other classes.
